Texico Bitches are you in love again  
Texico Bitches I think you found a friend  
Texico Bitches the air you breathe is real  
Texico Bitches why do you like to steal

I wanna be fair  
Like I wanna be played

Texico Bitches this town is goin down  
(the sparkle on an old drum)  
Texico Bitches I hope you stick around  
(meltin like a snow cone)  
Texico Bitches the girls beneath the youth  
(talkin all the phone calls)  
Texico Bitches this story needs some truth

I wanna be fair  
Like I wanna be played  
I wanna be fair  
Like I wanna be played

Texico Bitches the light is comin in  
Texico Bitches I think we're bound to win  
Texico Bitches my weapon is my truce  
(tired of my old calls)  
Texico Bitches I do not like to lose  
(Im tire of all the phone calls)

I wanna be fair  
Like I wanna be played  
I wanna be fair  
Like I wanna be played
