[Music: A. Nasserri / Lyrics: A. Nasserri]

(Adesso sono qui.)

An old dungeon hidden from all the light  
Thirteen candles enlighten the dark  
Shadows are playing their games on the wall  
And a shimmering glow fills the arch

Now, as night steps ASIDE, and a new dawn will break  
Silently a new age of science awakes

Old theory that has been wrong  
Power of the universe  
Will take me to the place where I belong

Through the CLOUDS of lies and fear  
In silent moments it comes near:

In my deepest hour of darkness  
They will shine.  
(feel my scorn)  
endlessly.  
(The sword that killed the unicorn)  
Splenderanno . per aspera ad astra

His theories and knowledge  
Mean danger in these times  
And those accused of heresy  
Will not longer be alive

Hide, hide your secrets well  
For in your darkest hour you should dwell

(Adesso sono qui.)  
An old table covered with parchments and rolls  
The great one has children of four  
Callisto, Europa, Ganymed e Io  
The bright universe to adore

Old theory that has been wrong  
Power of the universe  
Will take me to the place where I belong

Through the CLOUDS of lies and fear  
In silent moments it comes near:

In my deepest hour of darkness  
They will shine.  
(feel my scorn)  
endlessly.  
(The sword that killed the unicorn)  
Splenderanno . per aspera ad astra
