Such a beautiful face  
He had  
His eyes shined  
'N captured me  
Was I dreamin'?  
(I think I'm in love)

Oooh, oooh, oo, uuh

Now let me represent  
The biggest part of me  
Oh, girl  
Am I good for you?

You my first  
You my last, my love  
You my first  
My last, my love

You my first  
You my last, my love  
You my first  
My last, my love

Love me baby  
I'll love you twice  
Show you things  
The world  
If you're ready  
Take a fly with me  
(Fly with me)  
Show you things  
I swear it's real  
(I swear it's real)  
Show me baby the same  
(The same for me)  
Now you got ma heart

I swear it's true baby

Oooh, uuuh

(Yo the only one)  
Yo the only one  
The reason  
I'll give up my world  
Just to be with you

Oooh, oooh, oo, uuh

Now let me represent  
The biggest part of me  
Oh girl  
Am I good for you

Now believe  
That my love for you  
Is real  
All the words I said  
It meant to the end  
By the way, just wait  
Don't go to far  
I'm gonna walk  
The distance  
To you're heart

You my first  
You my last, my love  
You my first  
My last, my love

You my first  
You my last, my love  
You my first  
My last, my love
