"More 'N' More"

Visit "[More 'N' More](#)" on MotoLyrics.com

I want to get to people
I want to sing to people
I want to sing I'm falling in love with you

I know my life is changing
I feel today is magic
I feel you too are falling in love with me

It's human nature falling in love
It's human nature so

[Chorus]
I feel I love you more 'n' more
I feel I need you more 'n' more
I feel I'm looking for your body more 'n' more

I feel I want you more 'n' more
Whatever you make, wherever you go
I think to go forever only where you go

I want to get to people
I want to sing to people
I want to sing I'm falling in love with you

I know my life is changing
I feel today is magic
I feel you too are falling in love with me

It's human nature falling in love
It's human nature so
