I've got lots of fake friends
They've got lots of fake phones
And whenever I call them
They're never at home
I see them on the street and they smile at me
But when I'm alone I'm always alone

CHORUS

And you make me feel like Holden Caulfield
When you act like such a phony
Still I wish that you'd phone me
Phone me

Your fake politeness makes me paranoid
You're so self-righteous
I'm so annoyed
I'll laugh at you call you a hypocrite
But I'll cry 'cause you don't tell me your secrets

REPEAT CHORUS

I look up words in the dictionary
I paste them on my wall
So I can impress somebody
If somebody calls

REPEAT CHORUS

You smile at me but you just look like a liar
Cause I know you wouldn't piss on me if I was on fire
And I am on fire

REPEAT CHORUS

I left lots of messages
I left a trail
Leading here to where I'm sitting bitter, cynical
I left lots of letters guess they're lost in the mail
Oh I left lots of litter to mark where I've failed

REPEAT CHORUS
