I'm wearing your perfume sample like a scapular  
And it's sucking the life of me like Dracula  
Morning you were chorus and verse  
And I'm warning you it only gets worse  
Worse

### PRECHORUS

I couldn't sweeten this deal if I slid down your chimney  
with it  
If I seem off you can just turn me on and in time I swear  
you'll ignore it

### CHORUS

So be my best imaginary  
Very very best imaginary  
Be my best imaginary friend  
With benefits

This is why they shouldn't let me out  
This is why you wouldn't let me in no  
I gave my usual act of contrition  
And you wouldn't let me pass go  
You wouldn't let me pass go

### REPEAT PRECHORUS + CHORUS

There's a price tag on everything about me  
And you can bet it's going cheap  
You can bet you can have  
The shirt off my back  
The shirt off my back  
You can have what's underneath

### REPEAT CHORUS

I couldn't sweeten this deal  
I couldn't sweeten this deal  
I couldn't sweeten this deal if I slid down your chimney  
with it
