I didn't grow up with no brothers or sisters  
But elephants, marmosets, leopards and lemurs  
I guess I can use it as my excuse  
And I hope you'll excuse me if I'm acting rude

### CHORUS

'Cause I wasn't raised among you  
I wasn't raised to love you  
I was raised in a zoo  
Oh I was raised in a zoo

When I was a baby  
My mama told me I'm just me  
Zpg  
'Cause of zero population growth  
Now you see, now you understand me  
I'm a manifest manifestation manifesto of a  
misanthropic oath

### REPEAT CHORUS

So I won't be coming to your party  
But it was sure nice of you to invite me  
'Cause I've noticed a certain tendency of people to  
stick within their own species

And I didn't grow up with no sisters no brothers  
Just imaginary twins with blind mothers  
So I guess I can use it as my excuse  
And I hope you'll excuse me if I'm acting rude

### REPEAT CHORUS
