Well I remember the day when she said go away  
I rearrange my hair  
Well I can't take anymore  
I bought some natural food  
And then I fell on the floor  
Well I can't take anymore  
I need a change of address  
By the way, why can't you smile  
She said at first it was great  
And in the middle I stayed  
But at the end I was sick  
I said I've got to get out quick  
Then you suddenly smiled  
You took me by surprise  
You suddenly smiled  
You took me by again  
Well I remember the time  
Wrapped up nice and cosy  
She was washing my hair  
Well I was thinking of midnight, falling in love  
Watching the rain fall  
When we relax I'm going to sleep on your chest  
And listen to your beats  
And let's go to norway, live in rain and snow  
And get totally depressed about nothing  
At all really hello  
Then you suddenly smiled  
You took me by surprise  
You suddenly smiled  
You took me by again  
You suddenly smiled  
You suddenly smiled, again and again  
You can't smile  
Then you suddenly smiled  
You took me by surprise  
You suddenly smiled  
You took me by again  
You suddenly smiled  
You suddenly smiled  
You suddenly smiled  
You suddenly smiled  
You suddenly smiled

You took me by again
