Waiting in the dark
I heard you calling out
Nothing in your heart, when all there is is doubt.
Yeah if its in your heart
It's gotta be that way
Why'd you looked surprised
There only tears that come from the eyes
I don't need your lies I've heard them once, twice
and so many times

I sat down
I thought the fools that suffered to that day
Were only yesterday
Such a million miles away
Oh honey now I sat down
I thought the fools that suffered to that day

Waiting in the dark
I heard you calling out
Nothing in your heart when all there is is doubt
If it's in your heart
It's gotta be that way
Why'd you looked surprised
There only tears that come from the eyes

I don't need your lies I've heard them once, twice
and so many times

I sat down
I thought the fools that suffered to that day
Were only yesterday
Such a million miles away
Oh honey now I sat down
I thought the fools that suffered to that day
Were only yesterday
Such a million miles away
I lie down

Rivers of fortunate
Lead us to bright light
Honey now
I sat down

I thought the fools that suffered to that day
Were only yesterday
Such a million miles away
Oh honey now I sat down
I thought the fools that suffered to that day
I sat down
Were only yesterday
Such a million miles away

I lie down
