There's an Elvis movie on the marquee sign
We've all seen at least three times
Everybody's broke, Bobby's got a buck
Put a dollars worth of gas in his pickup truck

We're going' ninety miles an hour, down a dead end
road
What's the hurry, son, where you gonna go?
We're gonna howl at the moon, shoot out the light
It's a small town Saturday night
It's a small town Saturday night

Lucy's got her lipstick on a little too bright
Bobby's gettin' drunk and lookin' for a fight
Liquor on his breath and trouble on his mind
And Lucy's just a kid along for the ride

Got a six-pack of beer and a bottle of wine
Gotta be bad just to have a good time
They're gonna howl at the moon, shoot out the light
It's a small town Saturday night
It's a small town Saturday night

Bobby told Lucy, "The world ain't round
Drops off sharp at the edge of town
Lucy, you know the world must be flat
'Cos when people leave town, they never come back"

They go ninety miles an hour to the city limits sign
Put the pedal to the metal 'fore they change their mind
They howl at the moon, shoot out the light
It's a small town Saturday night

Yeah, howl at the moon, shoot out the light
Yeah, it's a small town Saturday night
It's a small town Saturday night
It's a small town Saturday night
