Take me as you are
Push me off the road
The sadness,
I need this time to be with you
I'm freezing in the sun
I'm burning in the rain
The silence
I'm screaming,
Calling out your name

Bridge:
And i do reside in your light
Put out the fire with me and fly
Yeah you'll lose the side of your circles
That's what i'll do if we say goodbye

Chorus:
To be is all i gotta be
And all that i see
And all that i need this time
To me the life you gave me
The day you said goodnight.

Verse 2:
The calmness in your face
That i see through the night
The warmth your light is pressing unto us
You didn't ask me why
I never would have known
Oblivion is falling down

Bridge:
And i do reside in your light
Put out the fire with me and find
Yeah you'll lose the side of your circles
That's what i'll do if we say goodbye

Chorus:
To be is all i gotta be
And all that i see
And all that i need this time

To me the life you gave me
The day you said goodnight.

Verse 3:

If you could only know me like your prayers at night
Then everything between you and me will be alright.

Chorus:

To be is all i gotta be
And all that i see
And all that i need this time
To me the life you gave me
The day you said goodnight.

Verse 4:

She's already taken,
She's already taken
She's already taken me
She's already taken,
She's already taken me

The day you said goodnight
