THE DAY YOU SAID GOODNIGHT

Hale

Take me as you are

Push me off the road

the sadness,

I need this time to be with you

I'm freezing in the sun

I'm burning in the rain

The silence

I'm screaming,

Calling out your name

Bridge:

And i do reside in your light

that puts up the fire with me and find

Yeah you'll lose the side of your circles

That's what i'll do if we say goodbye

Chorus:

To be is all i gotta be

And all that i see

And all that i need this time

To me the life you gave me

The day you said goodnight.

The calmness in your face

That I see through the night

The warmthress your light is pressing unto us

You didn't ask me why

I never would have known

oblivion is falling down

Bridge:

And i do reside in your light

Put out the fire with me and find

Yeah you'll lose the side of your circles

That's what i'll do if we say goodbye

Chorus:

To be is all i gotta be

And all that i see

And all that i need this time

To me the life you gave me

The day you said goodnight.

If you could only know me like your prayers at night

Then everything between you and me will be alright.

Chorus:

To be is all i gotta be

And all that i see

And all that i need this time

To me the life you gave me

The day you said goodnight.

she's already taken,

she's already taken

she's already taken me

she's already taken,

she's already taken me

The day you said goodnight.
