Lyin' here, so close I feel your breath dancin' on my
skin
When we touch, I love the way you know exactly what I
want
This is a moment away from the world
Where your just a boy and I'm just a girl

I'll be the woman of your dreams
I'll be the mother of your child
I'll be your lady dressed in red
I'll be forever your best friend
And I can be everything you need
But baby tonight when I look in your eyes
I know you can see I need to be, just a girl

I am strong, but there are times when I don't want to be
Only you can take me to the place where I don't have to
be
Where we find a moment away from the world
Where your just a boy lovin' this girl

I am the woman of your dreams
I am the mother of your child
I am your lady dressed in red
I am forever your best friend
And I can be everything you need
But baby tonight when I look in your eyes
I know you can see I need to be, just a girl
