I just called to hear you breathe
Whisper in my ear
Tell me everything I need to hear
It seems like the love we make
Is just as good when you're away
Things you say I can feel

Chorus:

I don't need to have you here
To feel you crashing into me
I'm better off this way
Not hearing me complain
And I don't need to taste your lips
I've satisfied my appetite
Me and my dirty mind
Been working overtime

I hear your voice on the phone
Imagine what you're wearing
To do something right gotta do it myself, yeah.
You left me here all alone
I take matters into my own hands
I just might burn in hell, yeah.

Chorus x1

Can you keep up? Is that all you got?
You're wasting all my precious time
Don't need your permission
Tell me the mission, that I raise you to
The finish line

Chorus x1

Working Overtime...
