Vs.1

Ooh, you're living inside of me
Breaking my every disease
and then you breathe it out of me
and Oh, you are the cure for me
You love me and just let me be
All you already see in me
Ah ah ah ah, you're living inside of me
Ah ah ah ah, you're living inside of me

(CHORUS)

I'd love to live up to the person that you see in me,
someday
And I'd love to give up to the feeling that you will
always, stay

Vs.2

Ooh, you're living inside of me
Breaking my every disease
and then you breathe it out of me
Ah ah ah ah, you're living inside of me
ah ah ah ah, you're living inside of me

(CHORUS)

I'd love to live up to the person that you see in me,
someday
And I'd love to give to the feeling that you will always,
stay

Inside of, inside of me. Inside of, inside of me (repeat)

Oooo... You're living inside of me....
