Why did I waste my time  
Two steps I don't rewind  
Feeling I can't define  
I give back to you  
(Give it all away)  
(Take it all the way)  
(Give it all away)  
(Take it all the way)  
I see my demise  
From behind your eyes  
I can't pass you by  
I give back to you  
(Give it all away)  
(Take it all the way)  
(Give it all away)  
(Take it all the way)  
(Give it all away)  
(Take it all the way)  
(Give it all away)  
(Take it all the way)

Between love  
Between hate  
Shake this silence back 'fore it's too late  
And it haunts you  
And it haunts you  
It's a love-hate  
Heartbreak

This could be suicide  
A kiss with these red knives  
Why am I driving blind  
I give back to you  
(Give it all away)  
(Take it all the way)  
(Give it all away)  
(Take it all the way)  
Try you on for size  
I thought boys don't cry  
Your my perfect lie  
I give back to you  
(Give it all away)

(Take it all the way)  
(Give it all away)  
(Take it all the way)  
(Give it all away)  
(Take it all the way)  
(Give it all away)  
(Take it all the way)

Between love  
Between hate  
Shake this silence back 'fore it's too late  
And it haunts you  
And it haunts you  
It's a love-hate  
Heartbreak

Between love  
Between hate  
Shake this silence back 'fore it's too late  
And it haunts you  
And it haunts you  
It's a love-hate  
Heartbreak

Between love  
Between hate  
Shake this silence back 'fore it's too late  
And it haunts you  
And it haunts you  
It's a love-hate  
Heartbreak

Between love  
Between hate  
Shake this silence back 'fore it's too late  
And it haunts you  
And it haunts you  
It's a love-hate  
Heartbreak

(Give it all away)  
(Take it all the way)  
(Give it all away)  
(Take it all the way)
