Mz. Hyde
in the daylight, i'm your sweetheart
your goody two-shoes, prude is a work of art
but you don't know me and soon you won't forget
bad as can be, yeah you know i'm not so innocent
better beware I go bump in the night
devil may care with a lust for life
and I know you, can't resist this
soon though you, are so addicted
boy you better run for your life
welcome to the nightmare in my head
say hello to something scary
the monster in your bed
just give in and you won't be sorry
welcome to my other side
and now it's Mz. Hyde
I can be the bitch, I can play the whore
or your fairytale princess, who could ask for more
a touch of wicked, a pinch of risky
good girl gone bad, my poison is your remedy
better be scared, better be afraid
now that the beast is out of her cage
and i know you, wanna risk it
soon though you, are so addicted
boy you better run for your life
welcome to the nightmare in my head
say hello to something scary
the monster in your bed
just give in and you won't be sorry
welcome to my evil side
and now it's Mz. Hyde
and now it's Mz. Hyde
and now it's Mz. Hyde
i'm the spider crawling down your spine
underneath your skin
i will gently violate you mind
before i tuck you in
put on the blindfold
there's no way to be sure
which girl you'll get to know
it's me Lzzy, I swear
welcome to the nightmare in my head

say hello to something scary
the monster in your bed
just give in and you won't be sorry
the nightmare in my head
say hello to something scary
the monster in your bed
just give in and you won't be sorry
welcome to my evil side
and now it's Mz. Hyde
and now it's Mz. Hyde
hello it's Mz. Hyde
