You had your heart set on an angel's kiss
Maybe a taste of this
Maybe a long white dress and a fistful of flowers

You wrapped your arms around a murderer
Pretending it didn't hurt
Every time I cut you deeper and deeper
Hey
I'm not the one
I'm not the one
I'm not the one you wanna give your heart too

She'll give you them
You thought this was something else
This has got nothing to do with love
This has got nothing to do with
She'll beg
You plead
You wanted more than you could keep
This has got nothing to do with love
This has got nothing to do with
This has got nothing to do with love

I gave you just enough to paralyze
Thought maybe you could satisfy
Sometimes I get so bored with you boy
Hey
I'm not the one
I'm not the one
I'm not the one you wanna give you heart too

She'll give you them
You thought this was something else
This has got nothing to do with love
This has got nothing to do with
She'll beg
You plead
You wanted more than you could keep
This has got nothing to do with love
This has got nothing to do with
This has got nothing to do with love

I'm not the one
I'm not the one

Oh yeah

I'll give you them
You thought this was something else
This has got nothing to do with love
This has got nothing to do with
She'll beg you, please
You wanted more than you could keep
This has got nothing to do with love
This has got nothing to do with
This has got nothing to do with love
This has got nothing to do with
This has got nothing to do with love
