Took me to your little crib
Guess it must have been a big deal, a big deal
Got me starring in your wet dream
Now it's time to get real, get real
I'm not looking for love, no not today
But you call me up and have the nerve to say c u next tuesday
You call me a bitch like it's a bad thing
You call me a freak like that means something
Can't get your way so you're sulking
I think we know the rest
Get it off your chest
I don't give a shit
I love it when you call me a bitch like it's a bad thing
(like it's a bad thing)
You show up everywhere I go
Get a grip
You're acting so weird, so weird
I don't need your jager bombs
I think I can take it from here, from here
You gotta learn to leave when the party ends
And I don't really care what you tell your friends
Tell me again
You call me a bitch like it's a bad thing
You call me a freak like that means something
Can't get your way so you're angry
I think we know the rest
Get it off your chest
I don't give a shit
I love it when you call me a bitch
I think you hate me cause you want me
You only want what you can't have
I'm just being who I wanna be
But you can't deal with that
You call me a bitch like it's a ba-ba-bad thing
You call me a freak like that means something
Can't get your way so you're so pissed off
I think we know the rest
Get it off your chest
I don't give a shit
I love it when you call me a bitch like it's a bad thing
