I want to hold you  
But you're not here with me  
I wanna tell you something  
This love I feel is real

I just can't forget  
The first time we met  
And all the things you've said  
I feel so sad  
I feel so bad  
Can't we turn it back

Another night without you  
All through the night  
You're on my mind  
A lonely night without you  
You left me behind  
I'm dying inside  
Another night without you  
I close my eyes  
I reach for the sky  
You are my angel  
You are the light  
Give me a sign  
Right now tonight

I need to love you  
You promised me forever  
Now you've left me in the dark  
You don't wanna be together

Just tell me why  
What's on your mind  
Can't we give it one more try

Another night without you  
All through the night  
You're on my mind  
A lonely night without you  
You left me behind  
I'm dying inside  
Another night without you

I close my eyes  
I reach for the sky  
You are my angel  
You are the light  
Give me a sign  
Right now tonight  
Tonight

Lover lyer water fire desire  
I'm burning in the flame

Another night without you  
All through the night  
You're on my mind  
A lonely night without you  
You left me behind  
I'm dying inside  
Another night without you  
I close my eyes  
I reach for the sky  
You are my angel  
You are the light  
Give me a sign  
Right now tonight
