Dancin' where the stars go blue
Dancin' where the evening fell
Dancin' in your wooden shoes
In a wedding gown

Dancin' out on 7th street
Dancin' through the underground
Dancin' little marionette
Are you happy now?
Yeah

Where do you go when you're lonely?
Where do you go when you're blue?
Where do you go when you're lonely,
I'll follow you
When the stars go blue
When the stars go blue, blue

Laughing with your pretty mouth
Laughing with your broken eyes
Laughing with your lover's song
In a lullaby... yeah

Where do you go when you're lonely?
Where do you go when you're blue?
Where do you go when you're lonely,
I'll follow you yeah yeah

Where do you go when you're lonely?
Where do you go when you're blue?
Where do you go when you're lonely,
I'll follow you, follow you, follow you, yeahhhh
When the stars go blue
When the stars go blue
When the stars go blue
When the stars go blue
Where do you go when you're lonely?
Where do you go when the stars go blue?
