If I've said it once, I've said it a million times,
I'm sick of all this fighting. What's in the past are petty
crimes,
Why can't we just move on? Keep enemies closer than
friends,
And then they will befriend you. Quit making scenes,
just make amends,
And then I can respect you. So just let go and leave this
all behind you.
Let this be known, just do this and you'll get through:
Open your eyes and let the love just pour in.
Just compromise and in the end we'll both win.
