It's too late to say what should be said  
It's too late to do what should be done

I felt something was wrong  
But I couldn't put my finger on it  
And now that I can, I don't want to

I feel like a brand new man  
I never felt like this before  
I feel like a brand new man  
A man that is doomed

No one I know is someone I know  
It all happened so quick, it all happened so fast  
I could have done something about it a week ago,  
But now it's too late.  
It's over, it's over, it's over  
It's over it's over it's done

They are we and we are they  
Deadly alien spawn

They landed in the dead of night  
From planets yet unknown

They are us and us are they  
Deadly alien spawn

They landed in the dead of night  
From planets yet unknown

We are them and them are we  
Deadly alien spawn

They are we and we are they  
They are us and us are they

Deadly alien spawn
