Crying tears of joys.
Laughing and weeping.
We had too much at stake.
We just couldn't lose.

Our eyes did not give us away.
Our eyes did not give us away.

They read into it.
Less than what was there.
They couldn't tell.
That's how much we care.
We were busy thinking.
Thinking about destiny.
We were busy thinking.
Thinking about us.

Our eyes did not give us away.
Our eyes did not give us away.

If they knew what we knew.
You and I would have to part.
But luckily they don't know.
Enough to break my heart.

Our eyes did not give us away.
Our eyes did not give us away.

A ladder by your window.
And a ring made of gold.
That's all we needed.
We just couldn't lose.

Our eyes did not give us away.
Our eyes did not give us away.

Our eyes did not give us away.
Our eyes did not give us away.
