We sat and decided as the seasons collided  
That our love was fairly utopian  
If it wasn't for my pills, my psychiatric bills  
And your unreliable fallopian  
Then i guess wed be fine  
Embraced on cloud 9  
Emotionally impossible to sever  
You turn around quickly and ever so sickly  
I tell you I'd love you forever  
If only you'd give me my Lev Yashin poster back  
Six months ago i returned your brown anorak  
But you keep forgetting  
And it's far too upsetting  
So baby Ferenc Puskas to you, to you  
Baby Ferenc Puskas to you  
You know it's a shame  
But were never the same  
On account of your stupid amnesia  
Through teardrops i stare  
At the wall it's now bare  
And i reach for the milk of magnesia  
And I'll die on the floor  
And leave a note on the door  
Saying 'this ape has just left Gibraltar'  
And in hell it will rain  
And I'll say once again  
That I'd stand next to you at the altar  
If only you'd give me my Lev Yashin poster back  
Six months ago i returned your brown anorak  
But you keep forgetting  
And it's far too upsetting  
So baby Ferenc Puskas to you, to you  
Baby Ferenc Puskas to you  
With boots on
