

Half Past Forever "Closer"

Visit "[Closer](#)" on MotoLyrics.com

All this waiting and medicating
Has left me hating my sin
Altogether, let's leave forever
Let's pretend never is here
I'm here...are you here?

Can you pull me closer to you
And love me like I never failed
Can you pull me closer to you
And love me like I never failed your love
And love me like I never failed your love

Shadow boxing with my own conscience
I've lost my friendships to love
Altogether now, let's pretend we know how
Love works itself out again.
I'm here...are you here?
