And the club spillin down, bouncin  
We be gettin it on, that's that shit, keep puttin it on  
I'm a hoodlum and a don, smoke mad marijuan'  
Where you from nigga? Brook-lan, damn right,  
hoodlum  
Raised in the heights, grenades the ice  
Faked it twice, laid ya wife, spray AK's in the heist  
Laid for 8 days, not to change the ways  
Pull a record out, blaze the waves, blaze the A's  
Make it bounce, told them not to brake your legs  
Brake the stage, make ya day  
If you layin up, when we gon' make some way  
Make someday, shit, we ain't came to play  
Came to stay, comin wit that I'll shit  
Take it away, bouncin, what we makin 'em say

Ridin down the block wit a Half A Mill  
Tented windows in the Benz, all smokin to kill  
We gon' bounce to this, roll a L to this  
Put the 5 to the Indo, clown to this  
Why go? Gonna let you wit the diamond face  
Sippin hennecy bottle, wit the speed to chase  
Poppin a collar to this, and thugs holla to this  
Throw you roly in the air, nigga hotter than this  
We pullin shorties, up the front of the steps  
Takin 'em off to back relax, with Crystal and yak  
It don't stop till we hittin the last  
Torn sack, gettin stress, never get in Cadillac's  
Get in, where you fit in  
If it don't fit squeeze, outta make up the cheese  
Like drop six-o, hydraulic g's  
Junk play in the airport, bouncin keys  
Gon bounce from back, and side to side  
If you in the club, in the car, doin tonight  
Gotta limo good and goin up and down to this  
Me & baby 'bout try to make it bounce to this

2 o'clock in the morning, put a pound to this  
Too many fish, smokin up an ounce to this  
You ain't gotta be in my show to be a star  
Cuz I'm a thug world, no matter who you are  
Take her to bathroom, bounce again  
Call up homies, you can call your friends  
Everybody on the dance floor get wit this  
Me and my nigga Half A Mill, comin sick wit this  
It don't stop, livin in the world supreme  
All the raps, nothin but a hustle to gleam  
Baby come and go in this lick wit me  
We can be like Mickey and now Minnie

Kill the snakes, four five, spit it ya face
