From memories of 68 when the wizard shook the world
Metal came from foundries where the midlands sound
unfurled

The bullring was a lonely place of concrete towers and
steel

The coal mines and the industries were all I had to feel

Something inside took hold of me, I really didn't know
But overtime it came to be, I knew which way to go
I drove around in search of what would make this all
come true

From jazz and electricity and good old southern blues

Hell, were born to raise some hell
Hell, were gonna raise some hell

In Henrys and in Mothers where I'd go to bang my head
The feeling took a hold of me with every word I said
The voice was born and came alive from all I saw and
heard

And now I knew my destiny, I had to spread the world

I took the scream around the world

From London to L.A.

Unleashed in downtown Tokyo

Blew Godzilla away

Then on the sound and fury went from Sidney to Brazil

It sent the Russian crazy cause they never get their fill

OF Hell, were born to raise some hell
Hell, were gonna raise some hell
Hell, were born to raise some hell
Hell, were gonna raise some hell

The stage and the lights and the amps are ablaze
watch them burn

From all this insanity the Metal Gods will return

Shock waves attack relentlessly, intimidating force
So many bands surrounding you with evil from our
source

It screams across the universe and slams you to the

floor

The blitzkrieg psycho mania is coming on full roar
The worlds stage that's waiting for it's bad ass to get
kicked

And were all on the road to hell and that's route 666

Hell, were born to raise some hell

Hell, were gonna raise some hell

Hell, were born to raise some hell

Hell, were gonna raise some hell
