She's the one who fills my soul
With grace and dignity so rare
A jewel that shines upon her child
And lifts me to a higher place
A higher place

She sang to me before I breathe
Alive inside she gave me life
I felt her heartbeat as it's touching mine
The rhythm stays and never leads

She smiles and warms the coldest of the days
Her soft caress brings peace and hope
And when I'm gone she's always there
To carry me through troubled times
She held me to her simple truth
That all I need is what she gives

In dreamland where the child still lives
Forever pure in arms of love
In dreamland where the child still lives
Forever your rhythms in love

This virtue leaves tranquility
As ever radiant it's always light
Her laughter drifts across a thousand miles
And takes me back to innocence
