Let it be  
Still my anger  
Bring me peace  
From my temper

Im trying every way I can  
Im doing wrong I understand

Let it be slow down watch the pressure fall  
Bring me peace slow down I can't have it, I can't have it  
all

Break the strain  
Feel my hunger  
Tell my mind  
To be stronger

Ive got to move and make it real  
Ive got to make myself a deal

Break this strain slow down give up what I crave  
Tell my mind slow down watch what I can, watch what I  
can save  
Will I raise  
Out of shadow  
Staying calm  
Feeling hollow

Im here to give me one more chance  
The choice is resting in my hands, yeah

Let it be slow down watch the pressure fall  
Bring me peace slow down I can't have it, I can't have it  
all

Break this strain slow down give up what I crave  
Tell my mind slow down watch what I can, watch what I  
can save
