When the children sing  
And the snow starts falling  
When the sleigh bells ring  
Saying Santa's calling

There's an open fire  
And a tree that's glistening  
It's the middle of the night  
As we all lay listening

When christmas comes for everyone  
It brings us all together  
For just one day there's peace in the world  
We wish would last forever

Then we all wake up  
And the kids go crazy!  
Let the good times roll  
Tough we all feel lazy

There's a brand new day  
And we're full of cheer  
Gonna rock all night  
Like we did last year

When christmas comes for everyone  
It brings us all together  
For just one day there's peace in the world  
We wish would last forever
