[Halford/Chlasciak/Z]  
You're trapped inside my cyber world  
Consumed up as my web unfurls  
No secrets left for your mankind.  
My virus lurks throughout your veins  
I'm spreading there inside your brain  
A trojan horse that eats your mind.  
Cyber world  
Cyber world  
I've got your power.  
Cyber world  
Cyber world  
I will devour, yeah...  
At speed of lies I will connect  
I search and surf as I infect  
Computerized catastrophe.  
Your information's what I steal  
I scan you till you are unreal  
Transmit your power into me.  
Cyber world  
Cyber world  
I'll steal your mind.  
Cyber world  
Cyber world  
For all mankind, yeah...  
You're dying in my cyber world  
You're lying in my cyber world
