The way you look at me  
Feel all your hatred building  
I won't be what you see  
A nation built for killing  
The color of the skin  
Dividing church's saviors  
The wars that you begin  
Reflect in your behavior  
We live and die  
From all this isolating  
We live and die  
When we stop procreating  
Genetic blasphemy  
Resisting devastation  
Corrupting heresy  
To save the population  
We live and die  
From all this isolating  
We live and die  
When we stop procreating  
We live and die  
To generate existence  
We live and die  
A life line of persistence  
We live and die  
And all we feel is sadness  
We give and try  
Mankind embraces madness  
We live and die  
And all we feel is sadness  
We give and try  
Mankind embraces madness
