[Halford/Downing/Tipton]  
Shooting for the stars  
Cruise the speed of light  
Glowing god of mars  
Body burning bright  
We'll I'm riding, riding on the wind  
Yes I'm riding, riding on the wind  
Tearing up through life  
Million miles an hour  
Blinding all in sight  
Surging rush of power  
We'll I'm riding, riding on the wind  
Yes I'm riding, riding on the wind  
Thunder bolt from hell  
Shattering aloud  
Screaming demons yell  
Bursting through the clouds  
We'll I'm riding, riding on the wind  
Yes I'm riding, riding on the wind
