Crush my bones tonight,  
So thin that they might slide under his door  
Leave my heart for the world to see  
He did this to me  
He thinks he's framed, so clueless as to  
The situation he's found himself in  
Buried beneath his haunted memories

So cough cough cough it up  
Have you lost your breath,  
or maybe that's me  
Tearing out your lungs,  
tell me how it feels

To know this is just my dream  
And it's your, reality

A scream pulls me,  
in the direction of my living room  
A body laying on the floor,  
looking at me with a blank blank stare  
On his face

Does this seem familiar, Does this seem familiar?

So cough cough cough it up  
Have you lost your breath,  
or maybe that's me  
Tearing out your lungs,  
so tell me how it feels  
To know that this is just my dream  
And it's your, reality

So cough cough cough it up  
Have you lost your breath,  
or maybe that's me  
Tearing out your lungs,  
so tell me how it feels  
To know that this is just my dream  
And it's your, reality
