Spending all my nights, all my money, goin' out on the town

Doin' anything just to get you off of my mind

But when the morning comes, I'm right back where I started again

And tryin' to forget you is just a waste of time

Baby come back, any kind of fool could see

There was something in everything about you

Baby come back, you can blame it all on me

I was wrong and I just can't live without you

All day long, wearing a mask of false bravado

Tryin' to keep up a smile that hides the tears

But as the sun goes down, I get that empty feeling again

How I wish to God that you were here

Baby come back, any kind of fool could see

There was something in everything about you

Baby come back, you can blame it all on me

I was wrong and I just can't live without you

Now that I put it all together

Give me the chance to make you see

Have you used up all the love in your heart?

Nothing left for me, is there nothing left for me?

Baby come back, any kind of fool could see

There was something in everything about you

Baby come back, you can blame it all on me

(Listen, baby)

I was wrong and I just can't live without you

I was wrong and I just can't live

Baby come back, any kind of fool could see

There was something in everything about you

Baby come back, you can blame it all on me

I was wrong and I just can't live without you
