I turned around and you were standing there
More than a little high
More than a little crazy
So beautiful I had to stare
And I knew you had the power to change me
Scarlet woman, youve come for me
Your timings great, cause Ive been
Waiting so long
The only thing I want to say
Now that youve got me, please-
Dont change my life
You know I love you but I hate your friends
They got dollars but they aint got sense
If the time comes and you go away
I hope Ive changed and yet stayed the same
Scarlet woman youve come to me
Your timings great cause Ive been
Waiting so long
Only thing I want to say
Now that youve got me, please-
Dont change my life
