Rememberin' when we first met  
We had that adventure in our eyes  
But something got away, I guess  
In the everyday of our lives

And I don't know what keeps us here  
Let's disappear and start all over again

We can run away, baby, come as you are  
You can look at my heart as your getaway car  
We can drive all night, it'll be alright  
Love can take us so far in my getaway car

All we need is the open road  
More fuel for the fire inside us  
Steer us on into lands unknown  
And we could leave this world behind us

And I don't know what keeps us here  
Let's disappear and start all over again

We can run away, baby, come as you are  
You can look at my heart as your getaway car  
We can drive all night, it'll be alright  
Love can take us so far in my getaway car

Turn up the radio and don't look back again  
Let me put the pedal down, gonna leave this town  
Don't be afraid to ride

We can run away, baby, come as you are  
You can look at my heart as your getaway car  
We can drive all night, it'll be alright  
Love can take us so far in my getaway car

We can run away, baby, come as you are  
You can look at my heart as your getaway car  
We can drive all night, it'll be alright  
Love can take us so far in my getaway car

Alright, in my getaway car  
We can drive all night, it'll be alright

Oh, in my getaway car  
We can drive all night, it'll be alright  
We can drive all night, it'll be alright

In my getaway car  
We can drive all night, it'll be alright  
We can run so far in my getaway car  
We can drive all night, it'll be alright  
Yeah, yeah, oh, in my getaway car
