Why does that restless part of me always see

Did I know love would show

And I'd find the passion I need

Look up ahead

All I see are worlds apart

Broken hearts

Looking for something more

Some magic they might feel

Chorus:

That's why I hold on

Holding out for love

There's only one I'm dreaming of

That's why I hold on

Holding out for love

But will that one heart wait for me

You know we take those twists and turns

Never learn

Go on

Takes so long to find all the passion we need

Look what we have

Don't wanna be two worlds apart

Loving hearts stay live

Strong survive

Just matters what we both feel

Chorus:

That's why I hold on

Holding out for love

There's only one I'm dreaming of

That's why I hold on

Holding out for love

But will that one heart wait for me

I watch the time go by

I swear now baby i...

Have never been so sure in my heart

So close to my dreams

Chorus:

That's why I hold on

Holding out for love

There's only one I'm dreaming of

That's why I hold on

Holding out for love

One lonely heart waiting
