No more trying  
To hold someone close to my life  
It's time for finding  
Some way to get through, my sleepless nights

I can dream about you  
If I can't hold you tonight  
I can dream about you  
Maybe that will make it all right, all right

Moving sidewalks, uneven under my feet  
My true feelings, down deep below  
Where the streets see me lonely for you  
Just for you

I can dream about you  
If I can't hold you tonight, oh baby  
I can dream about you  
Maybe that will make it all right, all right

I can dream about you  
In my dreams we're still happy  
And you're still part of me

I can dream about you  
And when you're in my mind's eye  
You're a sweet memory, memory

Moving sidewalks, uneven under my feet  
My true feelings, down deep below  
Where the streets see me lonely  
But I'm livin' lonely for you

I can dream about you  
If I can't hold you tonight  
Baby, baby, I can dream about you  
Maybe that will make it all right, all right, all right

Baby, I'm dreamin'  
I can dream about you  
Dreaming, oh

I can dream about you  
Oh, maybe that will make it all right  
All right, all right

I can dream about you  
I can dream about you
