People don't read so easy

Never wanna say what's on their mind

Go from dreams to dollars

Then they wonder why the truth seems so unkind

They just hold on tighter and tighter

Running down the road that they know so well

Never wanna change the order

Too quick to say that time will tell

Let it out - unlock the box

Let it out - unravel the knots

Let it out - if you've got something to say

Let it out - get it out of the way

Why be an artful dodger

Come cool kind of fool who can slide on by

There's a whole lot of art in sadness

So make it worth your while if you're gonna cry

Let it out - unlock the box

Let it out - unravel the knots

Let it out - if you've got something to say

Let it out - get it out of the way

You've got to push pull

Loosen up baby

Let out all the rage

Get a little crazy

Rearrange your furniture

Don't be afraid

You gotta push it

Pull it

Push it

Pull it

Any way you gotta do it

Just as long as you let it out
