We've been through love time & time again  
Tried for true love with enemies and friends  
Looked at romance every way  
Now my heart can't take that anymore anyway

Chorus:

Let me be the one

One with you

Let me be the one

To make your dreams come true

All I wanna do

Is be with you one day

Let me be the one

One heart one way

You've been let down

You've been left alone

And remember when I look you home

We looked at our lives every way

Now our soul can't take anymore

Oh no way

Chorus:

Let me be the one

One with you

Let me be the one

To make your dreams come true

All I wanna do

Is be with you one day

Let me be the one

One heart

I wanna know how you feel

Let your whole heart get in the way

If you don't know, think of something tender to say

As long as it's me, then it's alright
