In the of heart the country there's a killer without a gun
We're afraid to be no longer free just for loving one
So I, I got to say, say a prayer for you

In the heart of the darkness there's a killer without a
name
No where to hide, no mountain side 'cause it is all the
same
So please, oh please, say a prayer a prayer for me, oh

Out of the dark and silence
How in the world will we survive
Love in a dangerous time
Out of the fear and madness
How in the world will we survive
Love in a dangerous time

In the heart of the children where the simple things are
true
So much to learn when the world is turned, turning in
on you
Oh and I, oh and I show us what to do, what to do

Out of the dark and silence
How in the world will we survive
Love in a dangerous time
Out of the fear and madness
How in the world will we survive
Love in a dangerous time

If I don't wait through open doors lie to what re-seems
before us
Fools who make the rules
Commit the crimes, that lay it on the line

Out of the dark and silence
How in the world will we survive
Love in a dangerous time
Out of the fear and madness
How in the world will we survive
Love in a dangerous time

Out of the dark and silence
How in the world will we survive
Love in a dangerous time
Out of the fear and madness
How in the world will we survive
Love in a dangerous time
