Lyrics by D. Hall, J. Oates, S. Allen

Keep on missing each other

Our world's out of order

All I see is Missed Opportunity

And we -

(Keep on missing each other)

Keep missing each other

(Our world's out of order)

All I see is Missed Opportunity

Will we ever learn

In trouble where will we turn

And when you're losing the fight

Who's your white knight gonna be

Feel you drift away

oh baby you don't hear what I'm sayin'

We had a chance to stay together

Ooh forever

But we got lost in a dream

(Keep on missing each other)

Missing each other

(Our world's out of order)

So all I see is

(Missed Opportunity)

Opportunity

And we (keep on missing each other)

Missing each other

(Our world's out of order)

All I see

(Missed Opportunity)

Missed Opportunity

Talk but never show

You're holding back

Words lack meaning that's all

Things you say ricochet

Miss by a mile

The words don't work for me

Who understands

Why the world's nasty girl

When we're doin' the best we can

Even tho we're walking a wire

Where there's hope there's desire

Calling you back to your white knight

(Keep on missing each other)
Missing each other
(Our world's out of order)
All I see is
(Missed Opportunity)
Missed Opportunity
And we
(Keep on missing each other)
Keep missing each other
(Our world's out of order)
All I see is
(Missed Opportunity)
Missed Opportunity
Yeah right
Now baby who understands
Not me, not me
Oh yeah
I (keep on missing each other)
Our (our world's out of order)
All I see is
(Missed Opportunity)
Oh we keep holding on
(keep on missing each other)
Can't together baby
(Our world's out of order)
It seems to me we're wasting all our time
(Missed Opportunity)
That's right
Oh holding on
(Keep on missing each other)
I try to keep holding on
(Our world's out of order)
No use baby, keep missing
(Missed Opportunity)
I tried
(And we keep on missing each other)
Tried so hard
(Our world's out of order)
I could've been, should've been
(Missed Opportunity)
(We keep on missing each other)
Oh we almost made it baby
(Our world's out of order)
Tried so hard and we got so close
(Missed Opportunity)
Oh we keep holding on
