Money changes everythin'  
Money changes everythin'  
Money changes everythin'  
Money changes everythin'

Ever growin'  
The dreams that we accumulated  
Never knowin'  
The demons that we created  
Villains stole the spotlight  
While love was waitin' in the wings  
Left us with a long night  
And a hunger for material things

When it's gone, gone baby  
And we're livin' with ourselves again  
Will it dawn on us darlin'  
That the love we had is worth more  
Than we spend

Money changes everythin'  
It'll turn your world around so fast  
Money changes everythin'  
Money  
Money changes everythin'  
No one questions how long it will last  
Money changes everythin'

Sorry baby  
I was a stranger to myself sometimes  
No excuses  
The best intentions come tumblin' down  
When it's gone, baby  
Will it be the way it was before?  
When it's gone, gone darlin'  
Will we realize what the money was for?

Money changes everythin'  
It'll turn your world around so fast  
Money changes everythin'  
Money  
Money changes everythin'

No one questions how long it will last  
Money changes everythin'

Love  
Sweet love  
Does it feel like it did?  
Doesn't feel like it did  
Love  
Sweet love  
Does it feel like it did?  
I am sorry Baby

Money changes everythin'  
It'll turn your world around so fast  
Money changes everythin'  
Money  
Money changes everythin'  
No one questions how long it will last  
Money changes everythin'

Love  
Love  
Does it feel like it did?  
Doesn't feel like it did  
Love  
Dreams your  
Does it feel like it did?  
Doesn't feel like it did  
Love  
I am sorry Baby  
Does it feel like it did?  
How about the stranger?  
Sorry, I love  
Does it feel like it did?  
Doesn't feel like it did?  
Does it feel like it did?  
Oh please  
Love  
Please please please  
Does it feel like it did?  
With the sayin' there  
Didn't know  
Didn't know myself  
Love  
Didn't know  
Does it feel like it did?  
Baby baby baby
