North star

We stare

How far

How clear

Now touch

Touch here

Now warm

Now near

Now near

Within

With you

With love

With love

How sweet

How filled

Now time

Now time

Now touch

How sweet

How near

How filled

Now time

Times still

I'm still

Tonight

North star

We stare

How far

How clear

How far

How clear

How far

How clear

Now touch

Touch here

Now warm

Now near

Within you

With you

With love

With love

With love

I stand in the hallway

She stands in the hall

I stand at the doorway

She stands at the door

I lean in the window

She leans on the wind

I wait for beginnings

She waits for the end

North star

North star

How far

How clear

Now touch

Touch here

Now warm

Now near

Now near

How far

How clear

Now touch

Touch here

Now warm

Now near

Now near
