Old girlfriend, she come walkin' down the street  
When I saw her it was like seeing a stranger  
But even if I try to work it up, no emotions are there  
That's when I know what you are to me  
And how much I really care

Number one  
Number one  
You're number one with me  
Number one  
You're number one with me

Blast from the Past say, "Why don't you call me  
anymore  
It's been too long and some nights I need you so"  
But even if I tried to work it up no emotions are there  
That's when I know what you are to me  
And how much I really care

Number one  
You're number one with me  
Number one  
You're number one with me

Number one  
You're number one with me  
Number one  
You're number one with me

Number one  
You're number one with me  
Number one  
You're number one with me

You're number one with me  
Number one  
You're, you're, you're, you're, you're, you're  
You're number one with me

Number one  
And nobody, and nobody else, and nobody  
And nobody else, nobody, nobody else

And nobody, nobody else  
And nobody, nobody and nobody, nobody  
But you, you are number one with me  
Number one  
Number one  
Number one
