I know how you spent your time
Too many people know, you weren't alone
Your after hours followed you home
"Oh I heard", he said

She was open all night
While I was away
You were open all night
Don't ask me to tell you who told me

She was open all night
While I was away
You were open all night
Don't ask me to tell you who said

I gotta lotta friends that I don't need
They say, "You'd rather hear it first from me"
Maybe I don't wanna hear it at all
It's too far to fall, so don't say

She was open all night
While I was away
You were open all night
Don't ask me to tell you who told me

She was open all night
While I was away
You were open all night
Don't ask me to tell you who said

Don't ask me to tell you
No, I don't want to tell you

Don't ask me to tell you
No, I don't want to tell you

Don't ask me to tell you
No, I don't want to tell you
