My friends, don't understand it
They don't know what you've got for me
My life, too complicated
And I need, sure need some simplicity
Hoo, the love is ever growing
And there has to be a reason why it works for me
You know, baby how to move me
What you give to me is elemental, can't you see?
That you take the pain from me
Only you know my fantasies
And you, you make me realize
Girl, you know the way of keeping love alive

It's the power of seduction
It's the only way to keep me hanging on, baby
It's the power of seduction
It's the only hope, so baby do what you want, do it

Seduction
Seduction
Seduction
Seduction

Just words can't describe it
'Cause there's more to love than what you say
Hey, hey lately, hey I've been thinking
And that's bad you know
I might blow it 'cause of reason
Baby, you can never do too much
Only you, you make a senses all rush
With you, girl I've got to be
All because you keep alive the mystery

It's the power of seduction
It's the only way to keep me hanging on, baby
It's the power of seduction
It's the only hope, so baby do what you want

It's the power of seduction
It's the only way to keep me hanging on, baby
It's the power of seduction
It's the only hope, so baby do what you want, do it girl

You made the change in me
Only you know my fantasies
With you I will always be
Living with the passion
And the mystery

It's the power of seduction
It's the only way to keep me hanging on, baby
It's the power of seduction
It's the only hope, so baby do what you want

It's the power of seduction
It's the only way to keep me hanging on, baby
It's the power of seduction
It's the only hope, so baby come on, do what you want

Ooh baby, baby
Baby, baby
Power, do what you want to
It's the power
Oh yeah
Come on
Let's do it
On me
On me
You can do it more
It's the power of seduction
It's the only way you can keep me hanging on, baby
Power
Power
