If you're looking for love  
And you don't find it in my eyes then you're  
Tunning from paradise  
Look before you leap, darling  
Don't you know that you're  
Running from paradise

I caught you staring at the ceiling  
Captured by the mirror up there  
Okay, okay, I see the separation  
Makin' love down here  
While you're watching in the air

And if you're looking for love  
And you don't find it in my eyes then you're  
Running from paradise  
Look before you leap, darling  
Don't you know that you're  
Running from paradise

I gave you every pose you asked for  
Played every game you fantasize  
I called you're bluff, we're running out of breath  
You're hooked on looking  
Not on what you find

Pa pa pa paradise  
Pa pa pa paradise  
Pa pa pa paradise  
Pa pa pa paradise

I caught you staring at the ceiling  
I captured by the mirror up there  
Okay, okay, I see the separation  
Makin' love down here  
While you're watching in the air

And if you're looking for love  
And you don't find it in my eyes then you're  
Running from paradise  
Look before you leap, darling  
Don't you know that you're

Running from paradise

And if you're looking for love  
And you don't find it in my eyes then you're  
Running from paradise  
Look before you leap, darling  
Don't you know that you're  
Running from paradise

Pa pa pa paradise  
Pa pa pa paradise  
Running from paradise  
Pa pa pa paradise  
Pa pa pa paradise  
And if you're looking for love

Pa pa pa paradise  
Pa pa pa paradise  
Running from paradise  
Running from paradise

Pa pa pa paradise  
Pa pa pa paradise  
Running from paradise  
If you're looking for love

Pa pa pa paradise  
Pa pa pa paradise  
Running from paradise  
Running from paradise

Pa pa pa paradise  
Pa pa pa paradise  
Just running from paradise  
Look around for love

Pa pa pa paradise  
Pa pa pa paradise  
Running from paradise

Pa pa pa paradise  
Pa pa pa paradise  
Running from paradise  
Running from paradise

Pa pa pa paradise  
Pa pa pa paradise  
Running from paradise  
Running from paradise
